## PENALTY ENFORCEMENT

### NFHS:

Basic spot enforcement applies with all fouls penalized from the basic spot which can be the previous spot, the spot of the foul, the end of the related run or the succeeding spot. Loose-ball plays include the snap, kicks, legal passes or fumbles in or behind the neutral zone and includes the run(s) which precede such legal or illegal kick, legal forward pass, backward pass or fumble. The basic spot is the previous spot. Basic spots make a distinction between fouls which occur when a running play ends behind or beyond the neutral zone. The basic spot for a running play is not always the end of the related run and the spot of the foul can be a basic spot. The basic spot is the previous spot for fouls by the defense when the related run ends behind the neutral zone and for contact fouls by the offense which occur behind the neutral zone regardless of where the related run ends.

Only roughing the passer, snapper, or kicker /holder include an automatic first down.

For roughing the passer, the dead-ball spot is the spot from which to enforce the 15-yard penalty. If there is a change of team possession or the run ends behind the previous spot, the penalty is enforced from the previous spot.

The following fouls have special enforcement provisions and options for the offended team: free kick out-of-bounds; kick-catching interference); unfair acts; roughing the passer; fouls by the kicking team on kick downs and fouls on scoring plays. Any foul on a scoring play can carry over to the try or succeeding kickoff.

Where there are 15-yard penalties for dead-ball fouls or live-ball fouls treated as dead-ball fouls committed by each team, and prior to the penalty administration; each 15-yard foul will cancel a 15-yard foul on the other team. Any remaining 15-yard fouls will be enforced. Also, a five-yard penalty for a dead-ball foul will be enforced separately and in the order of occurrence and would not cancel a five or 15-yard penalty.

Fouls on touchdown or successful field goal plays may be enforced on the try or succeeding kickoff provided they occur after any change of possession.

#### **NCAA:**

The all-but-one principle applies during running plays beyond the line or when there is no scrimmage line. The basic spot for fouls during a pass play (other than defensive pass interference less than 15 yards beyond neutral zone) is the previous spot. EXCEPTION: Holding, personal fouls, illegal facemask fouls and illegal use of hands behind the neutral zone are always enforced from the previous spot. Other specific penalty spots exist for kicking fouls. All personal fouls include an automatic first down. Numerous fouls carry a specific enforcement spot. Carry-over penalties are only for personal fouls on a scoring play and personal fouls against snapper, holder, kicker and passer on a successful try.

For roughing the passer, the end of the last run is the spot from which to enforce the 15-yard penalty. If there is a change of team possession during the down or the run ends behind the previous spot, the penalty is enforced from the previous spot. Also applies to personal fouls and unsportsmanlike conduct fouls by Team B on pass plays.

On both free and scrimmage kicks, excepting field goal plays, fouls by the kicking team may be enforced from where the play ends if B is in possession at the end of the play.

When unsportsmanlike or dead-ball personal fouls by both teams are reported to the referee and before any of the penalties have been completed, the fouls cancel. Unsportsmanlike conduct is penalized as a live-ball foul if it occurs by a player while the ball is live. If a player commits an unsportsmanlike act before a touchdown is scored, the score is nullified and the offending team is penalized from the spot of the foul. The penalties for unsportsmanlike acts committed by coaches or other bench personnel are administered as dead-ball fouls regardless of the status of the ball when the foul occurs. Penalties for unsportsmanlike fouls by team B include an automatic first down. Penalties for dead-ball fouls (for example, unsportsmanlike behavior after the player crosses the goal line) are assessed on the ensuing kickoff or the try.

Fouls on a successful field goal and live-ball personal fouls on touchdown plays may be enforced on the try or succeeding spot as well as live-ball fouls enforced as dead-ball fouls and dead-ball fouls.

A 10-second runoff of the game clock is part of the penalty option for fouls that stop the clock with less than one minute in either half. The runoff does not apply if the game clock is not running when the foul occurs. The fouls included are:

- Any foul that prevents the snap (e.g., false start, encroachment, defensive offside by contact in the neutral zone, etc.).
- Intentional grounding to stop the clock.
- An illegal forward pass thrown from beyond the neutral zone.
- A backward pass thrown out of bounds to stop the clock.
- Any other foul committed with the intent of stopping the clock (referee's discretion).

The offended team may accept the yardage penalty and decline the runoff. If the yardage penalty is declined, the runoff is declined by rule. Following enforcement of the penalty and runoff (if any) the game clock starts on the referee's signal. However, if the fouling team has a charged team timeout remaining it may avoid the runoff by using a timeout. In that case the game clock starts on the snap following the timeout which either team may use to confer.

A 10-second runoff is also an option when instant replay reverses the ruling on the field inside of one minute in either half and the correct ruling would not have stopped the game clock.
