# Agenda

1. Interesting Plays from this week's games
2. Why it is important to explain all of penalty options.
3. Penalties on a Successful Field Goal with no time left on the clock.

## "It happened at the B-4 yard line!"

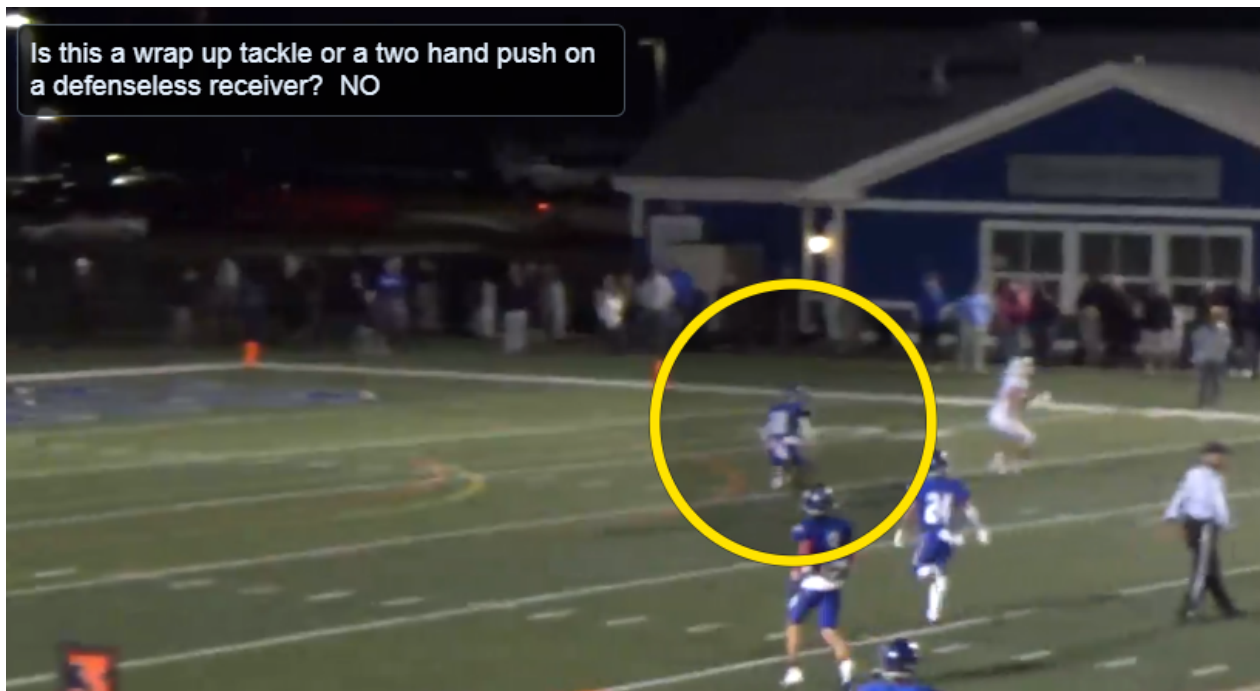

## "A hit on a receiver!"

## Defenseless Receiver and a Catch!

Is this a wrap up tackle or a two hand push on a defenseless receiver? NO

Is it a **backward** or a **forward** pass to A55?

# Play 1 - You make the call - "Penalties Late in the Game!"

4th down from the R-17 on the last play of the game **as time expires**. While the successful field goal is in flight, R6 grasps and twists K66's face mask at the R-17.

Team A's made field goal attempt makes the score 30-30 with **no time left** on the clock at the end of the game.

You make the call **(Think about it for two minutes)**

## **ANSWER: Two Options**

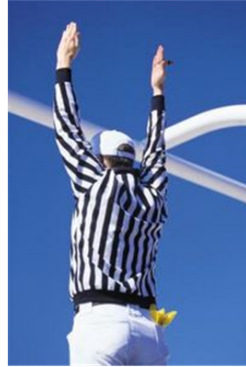

1) Team A can accept the penalty and replay the fourth down  
(Thereby declining the three point field goal; they are going for the win during regulation - one untimed down).

2) Team A can accept the three points and elect to enforce the penalty on the **first play** of **overtime**

**REMEMBER: If this game does go to OVERTIME; explain the options to the captains. Winner of the toss has a very important decision to make!**

# Thank you!
